ENVIRONMENTAL POLICY STATEMENT

Wetherby Building Systems Limited is a multi-site employer whose principle activities are the design, manufacture and supply of external wall insulation and decorative render system components to construction and related markets.

The Board of Directors recognise that developing our business in an environmentally responsible manner, taking full account of evolving environmental issues, compliance with applicable legal requirements and commitment to the prevention of pollution, is in the best interests of the Company, its employees and the protection of the environment.

This policy has been developed and is signed on behalf of all Board members by the three Directors responsible for day to day operations at each of our three locations in Golborne, Kidderminster and Glasgow.

A copy of this policy will be communicated throughout the Company and will be posted permanently on the WBS website www.wbs-ltd.co.uk.

We endeavor to conduct our own business activities and operations in line with best environmental practice, seeking continual improvement and innovation within all of our sites activities.

All WBS sites will seek to: -

- Minimise the use of all materials, supplies and energy - and wherever possible use renewable or recyclable materials.
- Minimise the quantity of waste produced in all aspects of our business.
- Communicate our environmental policy to all staff and encourage them to participate in the achievement of our goals.
- Supply and promote, wherever possible, those products, which contribute to energy conservation and do not damage the environment.
- Ensure that the company continues to meet present and future environmental standards and legislation.

.....
Bob Deane
 Managing Director
