Internal Wall Insulation

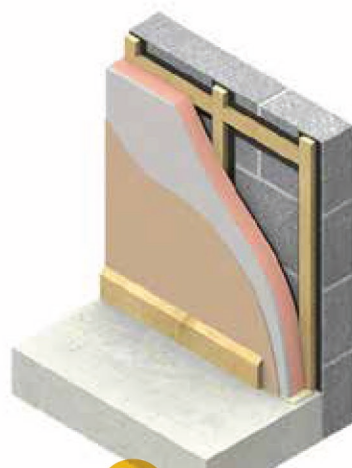

When insulating on the outside is not an option!

BBA Approved Wetherby Internal Wall Insulation System suitable for solid, cavity or masonry walls.

The benefits of insulating internally

- Doesn't affect the external appearance of a property – architectural features can remain intact.
- Delivers better U-values and thinner solutions compared to alternative systems.
- Offers the installer maximum flexibility and installation speed due to the tapered edge insulated plasterboard.
- Provides reliable long term energy savings
- ECO Funding Available
- No Minimum Order Quantities
- Products are available on short lead times
